

## PUBLIC NOTICE

A draft sewage facilities plan entitled Tobyhanna Township Act 537 Official Sewage Plan Revision was prepared for Tobyhanna Township. The plan revision was prepared as required by PA Act 537 and PA Code 25, Chapter 71.

Tobyhanna Township is located in Monroe County, Pennsylvania. The plan revision addresses the sale of the Tobyhanna Wastewater Treatment Plant and sewerage collection system from municipal to private ownership on June 30, 2017. All other portions of the Township's existing Act 537 Plan remains unchanged.

The selected alternative is the transfer of the existing municipally owned Tobyhanna Wastewater Treatment Plant and sewerage collection system to Aqua Pennsylvania Wastewater, Inc. (APW).

The cost per equivalent dwelling unit (EDU) per year is currently \$800 per EDU per year and will remain unchanged for at least three years. User rate changes beyond three years will be based on applications by APW to the Public Utility Commission (PUC).

A 30-day review and comment period, starting on the date of publication of this notice, has been established for the public to comment on the proposed Tobyhanna Township Act 537 Plan Revision.

The document can be viewed at the Tobyhanna Township Municipal Building at the address below, 8:00 AM to 4:30 PM, Monday thru Friday. Written comments should be sent to the Township at the following address.

A copy of written comments received and the responses to the comments will be included in the plan.
